THE COMPANY

Levenseat Limited is a privately owned Recycling & Resource Management company based in Central Scotland. Over the last 30 years, Levenseat has established a reputation for reliability, accessibility and innovation. As a leading regional operator, we are committed to developing new solutions to recover the best resources and provide customers with environmental and economic solutions.

Based at Levenseat, Near Forth in Lanarkshire, with our new recovery facility and Power Plant together with the wider established facility, we are delivering to the market, Scotland's largest integrated facility providing treatment and recovery for a wide range of waste materials. In a fast-evolving sector, it is an exciting time to be involved in this industry.

With a strong work ethos and collaborative environment, we are looking for proactive and focussed people to join an expanding team.

Main responsibilities will include;

- Ensure the recycling plant loading operations are managed in line with Levenseat standards and Health and Safety legislation.
- Ensure all mobile plant basic maintenance, cleaning & inspections are carried out and recorded as per Company and manufactures instructions and procedures.
- Ensure compliance with all company work practices as directed.
- Operate mobile plant and equipment safely and competently.
- Assist with the general operation as required.
- Undertake general housekeeping duties around the site and buildings in accordance with Sorting Line Supervisors instructions
- Take responsibility for co-workers and own H&S, report all incidents and near misses.
- Assist in the day to day operations of the plant in accordance with the site licence and contractual conditions.
- Sort and separate waste types to support plant performance.
- Safely and competently operate mobile plant.
- Loading vehicles/Skips with material
- Maintain the highest cleanliness of all working areas.
- Ensure any defects affecting the safe working order of a machine are reported immediately.
- Remain aware, at all times, of your responsibilities for your own Health and Safety and the Health and Safety of your work colleagues.
- Carry out other tasks within your operational ability or for which you have received appropriate training, as and when required.
